By My Nassau Sun

FERNANDINA BEACH - The beauty of coastal cottage living in a traditional neighborhood development will be spotlighted during the Amelia Park Coastal Cottage Trio Tour from 10 a.m. to 4 p.m. Saturdays and Sundays, May 17-18 and 24-25.

Benefiting the Barnabas Center, the open house will showcase interior design trends and inspirations from area decorators and designers featured in three coastal cottages at Amelia Park. Amelia Park recently won a Best in American Living Award for its innovative use of smart growth principles from Professional Builder magazine and the National Association of Home Builders.

Consistent design elements in all three homes include expansive front porches, metal roofs and subtle exterior colors. The trio cottages are defined by a garden gate entrance with a hedge front. Sweeping front porches on each home face a central garden area.

The privately funded Barnabas Center provides food, clothing, utility and rent assistance as well as operating a dental and medical clinic for Nassau's indigent.

Tickets, \$15, are available at the Prudential Chaplin Williams Realty office in Amelia Park; the Barnabas Center resale store, New to You, 930 S. 14th St.; and At Home Amelia on Sadler Road.

In addition to the tour, a premiere party, a southern-style garden party including music, hors d'oeuvres, drinks and a silent auction, will be 5:30 to 7:30 p.m. Friday, May 16, at the cottages.

Tickets for the party are \$50 per person, available at Prudential Chaplin Williams Realty and New to You. For more, call the Barnabas Center at 261-7000 or Mary Clemens at 206-4466.
